INTRODUCTION

This Inmate Information Handbook (Handbook) helps you understand the rules and regulations of the Cook County Department of Corrections (CCDOC). While in custody, you must follow all CCDOC rules, act in an orderly manner, respect others, and follow the directions given by CCDOC members. This will make your time at the CCDOC safer and easier. Failure to follow the rules, regulations, and procedures will result in disciplinary action against you and possibly lengthen your incarceration.

Most problems or concerns you have can be addressed by requesting help from correctional officers and supervisors. In addition, there are Correctional Rehabilitation Workers (CRWs) and employees of Cermak Health Services of Cook County (Cermak) available to assist you. Look at the Table of Contents to learn what subjects are described in the Handbook. It is your responsibility to learn its contents. An audio overview of the handbook, in both English and Spanish, is regularly broadcasted on your living unit. This written handbook is available in English and Spanish. Inmates with disabilities, inmates with limited ability to understand English, or inmates who cannot read will be provided assistance. Ask an officer, supervisor, CRW or any other member of the CCDOC if you need help understanding this handbook and the rules of the CCDOC. Also, if you know of someone who has trouble understanding this handbook, notify a staff member.

Inmates under 18 years old: If you are under the age of 18 years, or if you know of someone in the custody of the CCDOC who is under the age of 18 years, promptly notify CCDOC staff.
CHAPTER 1 CCDOC INTAKE PROCESS

Medical and Mental Health Screening
By the time you receive this handbook you will have gone through the intake process and received medical and mental health screenings. Medical and mental health screenings help identify medical or mental health problems you may have and allow CCDOC staff and Cermak medical staff to properly address those problems. Be sure to inform CCDOC staff, CRWs, or Cermak medical staff about any matters related to medical problems, psychological problems, drug addictions, and prescription drugs you have taken. If you do not feel comfortable informing staff, you may submit a Cermak Health Service Request Form (see the Health Care Request Process section below).

Classification and Housing Assignment
By the end of the intake process, CCDOC Classification personnel will determine your housing location and security classification level. You will be a minimum, medium or maximum security inmate. Under limited circumstances, CCDOC may determine that you require protective custody, or High-Risk Movement (HRM). Maximum security is for inmates who present the greatest risk to security in the CCDOC and the safety of others. The higher the classification, the more restrictions placed on an inmate. If you believe you have been classified incorrectly, promptly notify a staff member and file an inmate written request (see the Inmate Request Process).

Making Phone Calls
Upon the completion of the intake process, you are permitted 15 minutes of free local and long-distance telephone calls. You may complete as many calls as the 15 minutes permit. All telephone calls are recorded, unless prior arrangements are made by your private attorney.

Inmates Subject to DNA Collection
Any person who is charged with or convicted of certain offenses or otherwise ordered by a court will have his/her DNA collected by designated staff at a scheduled time.
CHAPTER 2 PRISON RAPE ELIMINATION ACT

Sexual Abuse, Assault, Harassment, Intimidation and Retaliation

The CCDOC has a zero-tolerance policy for sexual abuse, sexual assault, sexual harassment, sexual intimidation of inmates, or retaliation for those who report this conduct. Simply put, this behavior will not be tolerated.

The following acts by inmates, CCDOC staff, vendors, and/or contract employees, even where no objections are raised, are ALWAYS PROHIBITED and should be reported immediately.

1. All sexual activity;
2. Exposure or masturbation;
3. Making sexual advances or sexual comments;
4. Engaging in any sexual act;
5. Touching another person's genitalia, anus, groin, breast, inner thigh, or buttocks with the intent to abuse, humiliate, harass, degrade, arouse or gratify;
6. Failing to respect the limited privacy rights of an inmate in order to sexually harass or sexually intimidate the inmate (e.g., gawking at someone in the shower or when undressing);
7. Threatening an inmate's safety, custody, privacy, housing, privileges, work detail, or program status in exchange for sexual favors;
8. Influencing or coercing another inmate to engage in sexual acts; or
9. Retaliating in any way against an inmate who reports or causes to be reported any of the acts listed above.

Inmates should report any of these acts or other acts of sexual abuse, sexual assault and sexual harassment. By speaking up, you are protecting yourself and other inmates, and you are making your stay at the CCDOC safer.

All allegations related to this conduct will be investigated. The offender may be referred for charges to the State's Attorney's Office.

Protect Yourself from Sexual Harassment, Intimidation and Sexual Assault

Be aware of your surroundings, particularly when you are out of the sight of a staff member.

Do not accept commissary or favors from another inmate. He/she may expect you to pay them back by engaging in sexual conduct.

Don't engage in voluntary sexual activity. Voluntarily engaging in sexual activity with another inmate may attract the attention of a predator and make you a target.

Don't give mixed messages. If someone approaches you and makes suggestive comments, be firm in telling them you are not interested.

Trust your instincts. If someone is making you feel unsafe, tell a staff member right away. Contraband such as drugs and alcohol may make you vulnerable to sexual abuse. Alert staff if drugs or alcohol are around or if you think other inmates are using them.
What to do if you are sexually harassed, sexually abused or threatened?

1. If you feel threatened or have been sexually harassed or abused, you can do one or more of the following:
   a. Tell a staff member or medical staff immediately;
   b. If the abuser is an inmate or person providing services, who is not CCDOC staff, and you are uncomfortable telling a staff member or medical staff, you may call Strategic Operations Center by dialing 111 from the telephone on the living unit;
   c. Complete an Inmate Grievance Form and give it to a supervisor or a CRW as soon as possible.

2. A person outside of the CCDOC, such as a family member, friend, or attorney, may report for you by sending an email to CCSO.PREA@cookcountyil.gov. You may also make a report using this email address after your release. Keep in mind, however, that evidence is lost by delaying the report.

3. Evidence of sexual abuse may be destroyed by washing, showering, brushing your teeth, using the toilet, drinking, eating or changing your clothes, depending on the acts involved. This evidence can be collected by a healthcare professional at Cermak, using a Sexual Assault Evidence Collection Kit. You may have the evidence collected without making a decision about prosecuting the person who abused you.

What happens after I report a sexual assault?

1. You will be offered protection from the assailant and referred for a medical examination and clinical assessment.
2. You will be housed so that you are protected from further harm or retaliation.
3. An investigation will be conducted.

Confidentiality of Inmates Reporting Sexual Assault:

All information you report regarding a sexual assault or other sexual misconduct will only be used to make decisions for protecting you or other inmates and for investigative purposes. Confidential information includes the name(s) of the reporting inmate, the name(s) of the victim(s) (if different than the reporting inmate), the name(s) of the perpetrator(s), and all other relevant facts. You will be advised of the outcome at the conclusion of the investigation.

Resources

If you would like to discuss your situation before or after making a report, you may contact the Chicago Rape Crisis Hotline by telephone at (888) 293-2080. The hotline will maintain confidentiality and calls to the hotline are not monitored.
CHAPTER 3 INMATE RIGHTS, PRIVILEGES AND SERVICES

Your basic rights while in the custody of the CCDOC

1. To be treated fairly and with respect.
2. You are free to practice any religion you choose.
3. You have a right to be free from sexual abuse, sexual harassment, or sexual intimidation by other inmates, CCDOC staff, vendors, and/or contract employees.
4. You have the right to lead a healthy lifestyle at the CCDOC, which means that while you are here, you will get meals that are of sufficient nutritional value, the chance to shower regularly, time for exercise, personal hygiene items, and access to medical, vision, dental and mental health care.
5. You have the right to a clean and sanitary living environment.
6. You have the right to speak to your attorney by telephone or in person, and you have the right to send letters and receive letters from your attorney.
7. You have a right to privacy during conversations with your attorney.
8. You have the right to use or obtain materials from the law library (fees may be assessed) at the CCDOC to help you participate in your own defense.
9. You have the right to register to vote. You may cast an absentee ballot, if you are not currently serving a prison sentence.
10. You should feel safe in your living unit; if you do not feel safe, you can do any of the following:
    a. Inform the living unit officer;
    b. Inform a supervisor;
    c. Inform a CRW;
    d. Call the Strategic Operations Center by dialing 111 from the telephone on the living unit; or
    e. Complete an Inmate Grievance form.

Cell and Dorm Facilities

Your cell or dorm area should have a functioning toilet, a sink that has running hot and cold water, reasonably comfortable air temperatures, and a functioning overhead light. If any of these are not available, notify an officer and, if necessary call the Facilities Phone Line at (773) 916-6280, or fill out an Inmate Request Form or an Inmate Grievance.

Showers

You will be allowed to shower in your living unit at least three times a week. For your health and cleanliness, you are encouraged to shower every opportunity you can.

Laundry

The CCDOC provides you a clean uniform twice per week, fresh linens once per week, and a clean blanket once per month. In addition, laundry service for clothing purchased on commissary is regularly provided. Ropes or hand-made clothes lines are not permitted to be used in cells or dayrooms for drying clothes and/or linens (e.g., shirts, pants, uniforms, underclothes, sheets, towels). The CCDOC may seek reimbursement/restitution if you use County sheets, blankets, t-shirts or other linens for any purpose other then what they are...
intended for (i.e., money will be taken from your commissary to pay for the damaged property). Washing and drying clothes in housing areas is not permitted. Failure to follow laundry procedures is a violation of inmate rules and regulations and will result in a disciplinary report and possible disciplinary sanctions. For information regarding laundry pick-up and distribution, please check with your living unit officer.

Grooming and Hygiene Supplies
All inmates are issued uniforms, clean linen, a towel, soap, a toothbrush and toothpaste. A staff member will supply personal hygiene items provided by CCDOC when needed and upon request. If any items are unavailable, fill out an Inmate Request Form. You can also purchase other toiletries or clothing items from the commissary. For more information on commissary, refer to the commissary section of this handbook. In addition:
1. Male inmates will be issued razors and allowed to shave at certain times. Certain housing areas may have restrictions as it relates to this procedure. If you lose your razor or intentionally destroy, break, modify or hide razors, you will receive a disciplinary report (also referred to as a ticket or write-up).
2. Female inmates will be provided articles for feminine hygiene, such as sanitary napkins, upon request.

You are accountable for all items that the CCDOC issues to you. If you intentionally destroy, misuse, or lose these items, you will receive a disciplinary report and possibly have to pay for the property you damaged (restitution).

Haircuts
You may get your hair cut or shampooed at no cost to you while housed at the CCDOC. Haircuts will be basic and limited to a single blade length. No special requests will be honored.

Food and Diet
Meals at CCDOC are designed by a dietician to ensure the required daily nutritional values are met. All diets at CCDOC are pork-free. All CCDOC meals must be consumed in a timely matter and not stored. Everyone is served the same food items during meal times, with the exception of medical or religious diets; these meals are provided only upon authorization based on health needs or religion. Medical diets may be requested during medical visits or by completing a Health Service Request Form (see section on this process below). This does not include lifestyle diets like vegan. Religious diets may be requested by filling out a Religious Diet Form and giving it to a CRW. Eligibility requirements apply.

Recreation
You will be permitted to participate in recreational activities unless the CCDOC administration determines that your participation in such activities is dangerous to the security of the institution or your health. Recreation schedules are posted in the living units. You will have access to the daily newspaper during your scheduled recreation.
Court appearances
You must go to all scheduled court appearances. You will only be allowed to bring legal documents and necessary daily medication with you; no personal property is allowed. If you are attending court and may be discharged, you will be required to pack up all of your personal property prior to leaving your living unit. All personal property will be transported to you in the discharge area. CCDOC is not responsible for lost or stolen property while you are attending court or being discharged.

Commissary
The commissary is a product order service where you can purchase approved items such as food, additional clothing, personal hygiene items, and phone cards. You pay for these items out of your Inmate Trust Account. You can purchase a maximum of five phone cards and up to $100.00 on commissary weekly.

To order items, request a commissary form from your living unit officer; fill it out and turn it in prior to the deadline. A staff member will collect these forms and you will generally receive your items within one week.

It is your responsibility to sign the commissary receipt twice as follows:
1. Prior to receiving your commissary order; and
2. After verifying ordered items have been received.

If any errors are present during time of delivery, adjustments must be made at that time.

Refunds are only issued when, upon inspection during the delivery process it is identified that:
1. The order is wrong due to Keefe Management error;
2. An ordered item is missing;
3. An item is damaged or expired; or
4. Clothing item is the wrong size.

Unclaimed commissary items will be returned and refunds will be posted to your trust fund account if you are discharged prior to receiving the items ordered.

If you have issues or concerns as it relates to your commissary order, please retrieve a Commissary Request Form from your CRW, complete it and return it to him/her.

Religious services are provided by clergy on a volunteer basis and are not guaranteed.

40. You will not bring mattresses, blankets or sheets into the dayroom.
41. You will not gamble.
42. You will not be loud, disruptive or disrespectful. This includes the use of profanity.
43. You will not sit or stand on tables in the dayroom.
44. You will not fight, shadow box, engage in horseplay or roughhouse alone or with another inmate.
45. You will not bully, harass or intimidate any other inmate or person.
46. You will not extort any inmate or other person for any reason (e.g., protection).
47. You are not allowed to use the telephone until your cell passes daily inspection.
48. You must cooperate and follow instructions during an emergency drill and during a real emergency.
49. You will be referred for criminal charges if found in violation of any federal, state or local law.
50. You will maintain your personal hygiene.
51. You will not possess medication belonging to another inmate. You will not store your medication in anything other than its original packaging.
52. You will not possess any expired medication.
53. You must provide your inmate identification card and/or name at any time when requested by staff of CCDOC.
54. You will not project bodily fluids, liquids or spit on any CCDOC staff, medical or contractual staff, volunteers or other inmates.
55. You have a right to speak to your consulate or embassy. Please ask your CRW for assistance.
Treat Everyone with Respect

Treating everyone with respect contributes to maintaining a safe, secure environment for all CCDOC inmates, staff, volunteers and visitors. Disrespecting others, being sexually inappropriate, physical touching, battering or intimidating others are completely unacceptable. If you cannot follow this rule, you will be disciplined, lose or have restricted privileges, and possibly have criminal charges initiated against you.

Cleaning Your Cells and Living Areas: Keep Yourself, Your Cells and Living Areas Clean and Orderly

You must keep your cell and living unit clean and orderly at all times. At a minimum, this means keeping your possessions in your personal property bag, keeping your cell and living area free from clutter, and making your bed after you wake up and keeping it made throughout the day. Failure to keep a clean cell can attract bugs and rodents and create an unsanitary environment that could expose you and others to diseases. Inmate workers and sanitation officers will provide cleaning supplies and will collect trash. If your cell needs disinfectant or other cleaning supplies in between scheduled cleaning times, inform the living unit officer or complete an Inmate Request Form.

Items Allowed in Your Cell

In addition to your legal papers and approved commissary items, the list below contains the only items that can be kept in your cell or living area (you may not be able to possess some items in some divisions based upon security restrictions). These items, except for your shoes, shall be stored in your personal property bag when not in use:

- One pair of eye glasses (plastic frames) or contact lenses*(Cermak does not support contact lenses)
- One toothbrush
- One shampoo
- Three toothpaste packets
- One conditioner
- Two bars of soap
- One drinking cup
- One deodorant
- Stationery
- One wash cloth
- Stamped envelopes
- One bath towel
- Two inmate pens
- Two sheets per inmate
- One palm brush
- One blanket per inmate
- Two decks of cards
- Four t-shirts
- Ten personal photographs
- Four pairs of underwear
- One bible, koran or other religious text spiritual
- Four bras (females)
- One study book (school)
- Four pair of socks
- Ten newspaper clippings
- One pair of shoes (county-issued or commissary purchased only; either/or, but not both)
- One pair of shower shoes
- One personal property bag
- Three magazines and three paperback books (religious material excluded; to request to have more allowed, submit an Inmate Request Form and it will be assessed by correctional staff)

**Example of an unkept cell**

**Example of a clean and orderly cell**

You are responsible for cleaning and disinfecting your mattress after being assigned to a living unit and upon discharge or transfer using only the authorized premeasured chemicals provided.

All CCDOC meals must be consumed within one hour of being served and any trash or excess food must be thrown away promptly. All garbage or trash must be removed from the living unit by the end of each shift.
Prevent the Spread of Germs

To prevent the spread of germs and maintain general cleanliness for yourself and others you must:

1. Wash your hands after using the toilet and before meals.
2. Do not share drinking cups or other personal items.
3. Cover your mouth when you cough.
4. Sweep your cell floor, make your bed, remove all garbage and do whatever else is required to keep your cell clean and orderly before you leave your cell for daily cell inspection. Cleaning supplies may be available upon request.
5. Keep yourself clean by washing and showering (you will be living with other people).
6. Keep the dayroom area clean and place all trash in designated containers.
7. Notify your living unit officer or CRW immediately if you have any sanitation or maintenance concerns (e.g., you have a sewage or water leak, your cell needs cleaning supplies or disinfectant, cell temperature problems).

You Shall Not Possess, Make or Hide Contraband

Possession of contraband in the CCDOC is illegal under Illinois law. Contraband is considered:
1. Any items or articles inside the CCDOC which are prohibited by criminal law;
2. Items for which an inmate, an employee or a visitor has no authorization to possess within the institution;
3. Items prohibited by department written orders and/or notices;
4. Items not purchased through approved channels or not authorized or approved for delivery by mail; or
5. Items or property not referenced above in the Items Allowed in Your Cell section.
6. Any excess amount of items or property allowed in your cell, as referenced above.

Fire Safety

The CCDOC conducts fire and emergency evacuation drills on an unscheduled basis. You are required to cooperate fully and to follow all directions during the drills.

You are forbidden from starting any type of fire.

To promote fire safety, you shall not keep food and other items in your cells other than those permitted above. You shall not have cluttered cells, jam locks or cover lights or vents. Doing any of these can put you and others at serious risk of injury from fire or smoke and may result in criminal charges and restitution proceedings.
You Must Fully Cooperate with the Following Security Procedures:

Inmate Counts
At various times throughout the day, the CCDOC will conduct counts to ensure that all inmates are where they are supposed to be. You must cooperate with all counts. You may not disrupt, delay or interfere with counts in any form or fashion.

Cell/Room Searches and Sanitation Checks
CCDOC staff has the right to conduct random and/or unannounced cell/room searches at any time. You do not have to be present for your cell/room to be searched. You are responsible for keeping your cell/room clean as well as the items found within your cell/room.

Strip Searches
Strip searches of inmates are only conducted in limited circumstances where there is a reasonable belief that you (the inmate) may be in possession of an item of contraband. In the event of a strip search, all necessary steps will be taken to ensure your privacy.

Pat/ Frisk Searches
You are subject to pat down frisk searches at any time. Female inmates will only be frisked by female officers, unless exigent circumstances exist. You are expected to comply with a staff member’s directions and not resist the search in any way.

Zero Tolerance for Gang Activity
The CCDOC enforces gang-free living and has a zero-tolerance policy for gang activity. All gang activity is strictly forbidden within CCDOC. You are not permitted to wear or display gang colors, possess gang paraphernalia or literature, give hand signals, create or display gang graffiti, or be involved in any gang activity including meeting, recruiting or organizing, while confined in the CCDOC. Violating this rule will result in disciplinary actions against you.

Requesting an Assessment for Protective Custody
Under limited circumstances, certain inmates may qualify for Protective Custody. A review of an inmate’s disciplinary record, a review of the inmate’s statements for why Protective Custody is appropriate, and a background check will be conducted to determine if an inmate qualifies for Protective Custody. Protective Custody is only for inmates that follow all rules and regulations and do not harass or pose a threat to the safety of others in Protective Custody. Qualifying inmates must sign a Protective Custody contract and must follow all rules and regulations while in Protective Custody. Failure to sign the contract or follow all rules and regulations will result in being removed from Protective Custody.

If you believe you may qualify for Protective Custody, you may tell a correctional officer or correctional supervisor or call the Strategic Operations Center at x111. If you are not comfortable taking either of these steps, you may submit an Inmate Request form, but this will take longer to process.
CHAPTER 5 INMATE DISCIPLINE

Maintaining discipline among inmates is critical to your safety and security, as well as that of staff, other inmates and the CCDOC. There are different levels of rule violations that are based on the seriousness of the threat posed by the conduct. The sanctions you get, the amount of good time you lose or the amount of time you spend in Special Management Unit (SMU) housing, if found guilty, are based on the rule violation committed.

The Inmate Disciplinary Process
What happens if you break the rules?
1. If a staff member has reasonable belief that you have committed a violation of CCDOC rules, the staff member will create a disciplinary report.
2. You will receive a copy of the disciplinary report and receive a disciplinary hearing to determine your guilt or innocence.
3. The disciplinary report will tell you what rule you broke and how you broke it. For violating certain rules, you may be sent to special management housing until your hearing.
4. If you are placed in special management housing and your hearing has not been conducted within 72 hours, your housing status should be reviewed. The disciplinary report does not expire after 72 hours. You will generally receive a hearing within eight days unless you are unable or unavailable for any reason to participate in a scheduled disciplinary proceeding.
5. If you remain on your living unit until your hearing, you will generally receive a disciplinary hearing within eight days unless you are unable or unavailable for any reason to participate in a scheduled disciplinary proceeding.
6. At the hearing, you will have the right to tell your side of the story, present evidence, and possibly call witnesses who have first-hand knowledge of the event.
7. The hearing officer will decide if you are guilty or not guilty of any charge.
8. Appropriate disciplinary action will be taken against you if you are found guilty of the charges. This could include sanctions, time in SMU housing, restitution for damaged property, loss of good time, changes in your classification and even criminal charges, which may lengthen your incarceration.
9. As of November 1, 2017, the CCDOC does not have an inmate disciplinary appeal process. The Illinois Jail Standards does not require an appeal process.
Disciplinary Actions and Consequences

1. Loss of good time credit - May occur as a result of certain infractions, including but not limited to: battery to staff; assault with bodily fluids; engaging in inappropriate sexual behavior or possession of a weapon. If you are found guilty of one or more of these rule violations, it means you may not receive any sentencing credit for the days spent in the CCDOC awaiting trial or disposition of your case, which means you will be incarcerated longer.

2. Aggravation of sentence - Your institutional disciplinary record may be included at the sentencing phase of your criminal case if you are found guilty of any criminal charge.

3. Sanctions include, but are not limited to the following:
   a. Loss of work assignment;
   b. Uniform and movement restrictions;
   c. Loss of good time;
   d. Loss of commissary privileges;
   e. Restricted or temporary loss of visitation privileges (except attorney and clergy visits);
   f. Restricted phone privileges;
   g. Loss of special event programs (excluding religious services);
   h. Placement in alternative housing;
   i. Financial restitution.

4. SPECIAL MANAGEMENT UNIT - If you are found guilty of the charges against you, you may be assigned to SMU. You will have privileges restricted while assigned to SMU housing.
   a. The two types of Special Management Unit housing are:
      i. Disciplinary Unit – You may be housed here when found in violation of a rule or regulation at a 300-level or above offense or multiple lower level offenses as recommended by the Disciplinary Hearing Board.
      ii. Sanction Unit – You may be housed here when found guilty of a rule or regulation.

5. Restitution - If you are found guilty of damaging property, you may have to pay for any property damage you cause. Funds may be deducted from your trust account to cover the cost of any property, including DOC clothing and property.

6. Sexual misconduct - Sexual misconduct is prohibited. If you are found guilty of sexual misconduct, you will be subject to administrative sanctions which may include special housing, increased handcuffing and restrictive movement, and mandatory restrictive jump suits.

Help with the disciplinary process and hearing - If you need help at any stage of the disciplinary process, a CRW can assist you if you fill out an Inmate Request Form and indicate what kind of help you need. If you are disabled, deaf, having trouble understanding English (written or spoken) and/or illiterate, assistance will be made available for you at no cost.
CHAPTER 6 HEALTH CARE SERVICES

Medical, Vision, Dental and Mental Health Care
While at the CCDOC, you are allowed to receive medical, mental health, nursing, pharmacy, dental and vision care. Cermak provides health care to inmates in the CCDOC. Cermak is part of the Cook County Health & Hospitals System (CCHHS) and not the CCDOC or the Sheriff's Office.

Vision Care
1. You can have your family bring in your glasses from home as long as they are entirely plastic - plastic frames, plastic lenses and no metal or glass. Your family merely needs to reach out to your CRW for assistance, via phone or lobby visit, or you can place a request to have assistance from your CRW with this.
2. If your family has your eye prescription at home they can have glasses made for you in the community at your eyewear retailer of choice, and then they can bring them in to you via assistance from your CRW. Again, glasses must be entirely plastic, including lenses and frames - no metal or glass.
3. If you had an eye appointment with Cermak and you don't wish to wait for the glasses that will be made via Cermak (which take on average greater than 12 weeks), then you can take direct receipt of your prescription and it can be sent to your family via postal mail or your CRW can assist with getting them the prescription, or Cermak can directly communicate your prescription to the eyewear retailer of your choice in the community, the glasses (with no metal and no glass - ALL PLASTIC) can be manufactured there for you, and your family can pick them up and deliver them to you here at the CCDOC via assistance from your CRW.
4. "Readers" or magnifying non-prescription glasses can be purchased on Commissary.
5. If you qualify for indigent status - you may be eligible to receive readers or magnifying non-prescription glasses at no cost to you, via Inmate Welfare. You can put a request into Inmate Welfare for this need through your CRW. Note on the request form that you believe you should be eligible for free readers or glasses and your account activity will be examined to determine your eligibility.
6. Should you require an appointment with an optometrist, PLEASE complete the Cermak Health Request Form.
7. Cermak does not support contact lens care or maintenance.

Dental Care
The purpose of the oral health program is to provide quality clinical dental services in a professional and efficient manner. The Oral Health Department serves as an integral part of the Cermak Health Services providing services in the diagnosis, treatment and prevention of oral disease. This treatment may include emergency care, preventive services (cleanings), oral surgery (extractions) or restorative procedures (fillings). Services will be based on established priorities and on available appointments. Elective care and cosmetic care is not provided. Dental cleanings are only provided once a year. Toothbrushes and toothpaste must be purchased through commissary after your first visit. Floss is not provided. The Oral Health Department does not provide the following services: root canals, crowns, dentures, partials or braces. The
oral health program is designed to provide basic preventive and restorative dental services through education, disease prevention services, diagnosis and treatment of oral health problems. The clinics are open Monday through Friday from 7:30 am till 3:30 pm. To access dental services, please fill out a Health Service Request Form.

Routine Health Services and the Health Service Request Process

Routine Health Services
You were seen by a registered nurse or correctional medical technician at intake for a screening to review your physical health and mental health needs. During the screening you were asked about your health history, mental health history and substance use history. You were also asked about your current health needs or concerns. If indicated, you were seen by a physician or physician assistant for physical health and a psychiatrist or mental health specialist for mental health needs or concerns. If you were on medication in the community, you may have already received that medication or a therapeutic equivalent if appropriate. Labs and/or diagnostics along with further follow up for physician and/or specialty services will have already been scheduled for you based on your responses and evaluation (some people start on medications after these additional steps). You will continue to be seen throughout your stay at intervals determined by your physical and mental health needs and the level of control of your disease.

Health Service Request Process
Non-emergency requests for healthcare should be submitted through the health service request process which notifies Cermak you request health care services. The Health Service Request (HSR) process should be used for any non-emergency medical, mental health, dental or vision care request for service. Some requests may be managed through the form itself, for example a refill request for keep on person medication. Other requests may require you to see the nurse. A nurse reviews each of these requests within 24 hours of receiving them to triage your complaints. If it is determined that you need to be seen, you should expect to be called to the nurse for additional evaluation. To access care through the HSR process follow these steps:

1. Fill out a Health Service Request Form. Blank forms in English and Spanish are available from CCDOC and Cermak staff. The forms are also available on your living unit.

2. Put the form in a Health Service Request drop box after it is filled out. A drop box is located on each living unit. After your request has been reviewed by Cermak staff, you will be scheduled for an appointment based upon the nature of your request.

Emergency/Urgent Medical Care
You must immediately tell CCDOC or Cermak staff in person if you are having a medical or mental health emergency. You may also have another inmate tell CCDOC or Cermak staff if you cannot do it yourself. Cermak provides emergency medical care every day and night. There is medical staff on-site in an urgent care setting at Cermak and in designated division dispensaries. You will be evaluated by Cermak staff and given proper medical treatment to resolve any medical issues.
Medication

Medicine is to be taken under the care of a medical professional. If not used correctly, medication can be dangerous. All medicine provided to you by Cermak is given to you, as directed, by healthcare staff. Be sure to tell the Cermak staff about ALL medication you have been taking. This includes prescribed medication and street drugs. A Cermak medical professional will prescribe your medicine as needed. The medicine may look different or have a different name than what you may have taken before you were in the CCDOC. Do not share or give your medication to any inmate. Take your medicine as ordered. If you have questions about medicine, talk to Cermak staff.

Some inmates will receive every dose of medicine from a nurse. Some inmates will receive medicine in a packet. If you get your medicine in a packet, you will be responsible for taking the medicine as you would at home and as prescribed. This medicine must be kept in the identified packet with your name on it. Medicine without your name on it will be confiscated. You must request a refill for some types of medicine, such as an asthma inhaler or tubes of certain ointments. Tell the medical professional when you have two days or less of medicine left. You will have to fill out a request form. The nurse will confirm the order, determine your current amount of medication and send the form to the pharmacy for your refill.

Inmates in possession of more than two weeks' worth of prescribed medication or three days of (dose-by-dose) medication will be referred back to the medical unit to be reevaluated for medication and placement as determined by medical staff. Hoarding of medication, pretending to take prescribed medication, possession or use of medication belonging to another or providing another with medication is prohibited and inmates will be subject to discipline according to current disciplinary codes for misuse of medication.

Medical Appointment

It is very important that you do your best to keep all scheduled medical appointments. Your cooperation is needed. This means avoiding any incidents that could lead to delays or cancellations and telling staff if you think an appointment is being or will be missed because of scheduling conflicts.

Refusal of Medical Treatment

If you refuse medical care or medicine, you will be asked to sign a medical treatment refusal form. If you refuse to sign the form, a CCDOC staff member and a medical professional will sign the form as a witness.

You may not refuse care or treatment in cases of some infectious diseases. This is to protect you, staff and the inmate population. Other types of care cannot be refused or is court-ordered. This may include but is not limited to:

1. Screening for Tuberculosis (TB);
2. Medical isolation ordered by a doctor for infection control; and
3. Medical housing to properly monitor your condition.
Suicide Prevention/Mental Health Emergencies

If you have a mental health emergency, notify any correctional officer or medical professional right away. Non-emergency mental health care is obtained by the use of the Health Service Request Form. You may feel some emotional stress, including thoughts of hurting yourself or suicide while in the CCDOC. These feelings may not have been present before coming to CCDOC, but you might feel them now because of job loss, family concerns, problems related to your case or charges, or financial or housing issues.

You may not be extremely depressed or have any thoughts of suicide yourself, but you may notice them among one of the people on your living unit. Please inform a staff member of your concerns.

If you have thoughts of hurting yourself or suicide, seek help from staff immediately. Should you notice behavior from someone on your living unit that is out of the ordinary, that suggests they may hurt themselves or have suicidal thoughts, please notify a CCDOC staff member. Staff is also available to talk to you if you experience feelings of anxiety, depression, nightmares, loss of appetite, mood swings, hearing or seeing things that do not appear to be real, or any other concerns about your mental health. Staff available to assist you includes:

1. Doctor, Physician Assistant or Advance Practice Registered Nurse
2. Psychiatrist
3. Psychologist
4. Mental health specialist
5. Medical social worker
6. Nurse
7. Religious volunteer
8. CRW
9. Correctional officer/staff

Do not keep thoughts of hurting yourself or suicide to yourself. Talk to people who are here and trained to help you. If you were receiving mental health care before you came to CCDOC, inform a staff member or Cermak staff. Mental health services include help preventing suicide, help during a crisis, individual therapy and group therapy.

The Mental Health Code of Illinois has established Rights of Recipients of Mental Health and Developmentally Disabled Services. You can contact the Human Rights Authority any time you believe that your rights have been violated.

You may contact the Human Rights Authority at:

P.O. Box 7009
Hines, IL 60141
Mental Health Discharge

If you have a serious mental illness identified by CCHHS/Cermak medical social workers you will be referred to aftercare services in the community for continued mental health treatment. You will also be provided a free 30-day supply of the medications prescribed at the time of your release. Discharge medications will only be available the day following your release after 2:00 pm at either the John Stroger Hospital’s BC pharmacy located at 1901 W. Harrison St. or the Provident Hospital Pharmacy located at 430 E. 50th Pl. If you are leaving through TASC or any court mandated program and need to report to your program with medications in hand, medications will be made available to you the day of your discharge.

Aftercare services and referrals can be sought at the CCHHS Community Triage Center located at 200 E. 115th St. which is open 24 hours a day/365 days a year. Patients can call the CCHHS Patient Support Center at (312) 864-0200 to schedule an appointment with a doctor at one of the CCHHS outpatient clinics. If you have an established relationship with your own psychiatrist, please schedule a follow up appointment with him/her.

Confidentiality of Medical Information

Your health care information is considered private and protected. This includes your medical record and all other health information that can identify you. Laws make it illegal for people to view your record without a need to know that information. You will not receive paper copies of your medical records while you are in the CCDOC. You may request a copy of your records after you are released with proper consent. You will be required to fill out and sign a release form. This is available through Cermak Medical Records. You may, however, discuss or review your medical care with a medical professional during a scheduled appointment. NOTE: You can be denied access to the information in your medical record if granting it would risk the health, safety, security, custody, or rehabilitation of you or other inmates or the safety of correctional or medical staff. This will be determined by CCDOC or Cermak staff.

Concerns about Your Medical, Mental Health or Dental Care

If you have a concern about the health care you have received, use the Cermak Health Services Request Form or the inmate grievance process listed in this handbook. If you have submitted a Cermak Health Request Form or CCDOC Inmate Grievance Form, it will be reviewed by Cermak and you will be provided a response pertaining to your health care. Please be advised that if you submitted an inmate grievance requesting medical care and you have NOT submitted a Cermak Health Service Request Form for the medical care you seek, the grievance will advise you that you first need to fill out a Cermak Health Service Request Form.
CHAPTER 7 INMATE REQUEST AND GRIEVANCE PROCEDURES

At different times while in the CCDOC, you may need to make a request for assistance or make a complaint. There are two basic methods for communicating those needs or complaints to the CCDOC staff:

1. The Inmate Request Form; or
2. The Inmate Grievance.

An Inmate Request is a request for assistance, services or basic supplies. If a correctional officer, supervisor or CRW cannot address your request after you verbally ask them, then you should fill out an Inmate Request Form. The Inmate Request Form should be used to request:

1. A write-out, which is a pre-stamped envelope containing paper and/or pen. Eligibility is based upon your trust fund balance.
2. Your trust fund balance.
3. Basic supplies such as soap, toothpaste or shampoo.
4. Accommodations because you have a disability.
5. Law or general library services.
6. Help in filling out a grievance form.
7. Permission to attend religious services.
8. Attend an educational program.
9. Help with filling out any necessary paperwork or arranging help through outside agencies, such as Department of Family and Support Services.
10. Participation in the inmate work program. Also see the Programs and Services section of this handbook.
11. Veteran services and help when you are released from custody.
12. Assistance in reading or writing and understanding or interpreting spoken or written instructions, rules, policies, etc.
13. Religious diets based upon eligibility. CCDOC does not offer lifestyle diets (e.g., vegan).
14. Assistance with commissary, phone cards or the mailroom.
15. A telecommunication device (TTY) for the hearing impaired.
16. Shoes, linens, uniforms, etc., based upon eligibility.

An Inmate Grievance is a complaint form you may use to seek review of a problem related to your conditions of confinement. You may file a grievance if you believe that:

1. Your constitutional or other legal rights have been violated;
2. A CCDOC employee broke the law or a CCDOC rule that adversely affects you;
3. Your safety or well-being is at risk;
4. Your living area is unsafe or unclean;
5. Your money or your personal property was mishandled;
6. You are not getting programs that you have the legal right to attend or been court-ordered to attend;
7. You are not receiving medical, dental or mental health help that you need;
8. You are not receiving social services; or
9. You are not receiving auxiliary aids and services or mobility aides that you need.
An Inmate Grievance will be processed as a Non-Compliant Grievance under the following circumstances:

1. More than one grievance issue (e.g., it contains a complaint about the food and also a staff misconduct issue) The rule is: ONE GRIEVANCE, ONE ISSUE;
2. An issue that you have already grieved and administratively exhausted your remedies through the appeal process;
3. When you already grieved an issue and the practice or conditions giving rise to the grievance have not substantively changed AND you have already successfully exhausted your administrative remedies on the incident.
4. When you already grieved an issue and the practice, or conditions giving rise to the grievance have not substantively changed AND you failed to exhaust your administrative remedies on the incident.
5. An issue that you have already grieved and chose NOT to appeal within the required 15 calendar days of receiving the response;
6. An incident that you have already grieved (repeated submission) within the last 15 calendar days; however, an exception may apply that you need to speak to the CRW about;
7. Vulgar or profane language used in an insulting, provoking or inappropriate manner;
8. Complaints about other agencies or organizations;
9. Department rules or policies;
10. Classification or designation of an inmate as a security risk or protective custody inmate; or
11. Decisions of inmate discipline by a hearing officer.

If your grievance is processed as non-compliant because of one of the reasons above, an explanation will be provided, and if applicable, you may be asked to resubmit. You must file your Inmate Grievance within 15 calendar days of an incident unless the incident is sexual in nature, or another reasonable exception applies (e.g., transfer to an outside agency, incapacitated inmate). If you fail to file within 15 calendar days, you must explain the reason for the delay on the Inmate Grievance Form, and the reason must be reasonable and truthful. If it is not, the grievance may not be processed as a grievance and therefore it cannot be appealed, which means you will not be able to exhaust administrative remedies. Please note however, that the grievance form will be forwarded as appropriate.
The Inmate Grievance Process

1. To file a grievance, fill out an Inmate Grievance Form within 15 days of the incident, problem or event that you are grieving. If you are transferred as a CCDOC inmate to an outlying hospital, county or another facility outside of the CCDOC within 15 calendar days of the incident, problem or event that you are grieving, you must submit your grievance within 15 calendar days of your return to the CCDOC. There is no time limit however for grievances involving sexual misconduct. The forms are available on your living unit or from your CRW during their visitations. If grievance forms are unavailable, the use of any paper is acceptable. To assist with providing you a meaningful response, you are required to provide the specific date, location and time of the incident, problem or event that you are grieving. If you have trouble filling out a grievance for any reason, ask your CRW, Inmate Services supervisor or a correctional supervisor for help. You are NOT to complete any information above your name and identification number.

2. After you finish writing your grievance, hand your grievance form to the CRW, an Inmate Services supervisor or a correctional supervisor when he/she makes his/her rounds. Please be aware that CRWs will not be available on weekends and holidays. You will receive a copy of your grievance for your records. Disabled inmates who file a grievance have the option to share the grievance (and any response or outcomes) with the ADA Compliance Officer. If the disabled inmate agrees to share the grievance (or any responses or outcomes) with the ADA Compliance Officer, Inmate Services will forward a copy of that grievance (or any responses or outcomes) to the ADA Compliance Officer for review.

3. The CCDOC or other responding party (e.g., Cermak, food service provider) generally has 15 calendar days upon receipt of your grievance, if no exceptions apply, to provide a written response.

4. You will receive a written response to your grievance. You will be required to sign the form saying that you received the response to your grievance - not that you necessarily agree with the response. You will receive a copy of the response for your records. It is your responsibility to retain a copy of your submitted grievance.

5. If you have an emergency that involves you or another inmate being at substantial risk of immediate harm, notify a sworn member immediately. However, if you believe the emergency can be handled through the grievance process, or that a grievance is the best and most efficient way to handle the emergency, then you must indicate on the Inmate Grievance Form that you are experiencing an emergency and why you believe this to be an emergency. If it is determined that you have an emergency, the division superintendent or designee will be alerted right away and an inquiry into the concern will begin.

6. If you are dissatisfied with the grievance response, you have 15 calendar days from receipt of the decision to appeal. A grievance appeal must be filed in all circumstances in order to exhaust administrative remedies under the CCDOC grievance procedure. To exhaust administrative remedies, you must appeal your grievance within this timeline unless you have a legitimate and truthful justification. Use the same grievance response form to file your appeal. Ask a CRW if you have questions.
7. After you have exhausted the CCDOC administrative remedies and you feel your issue remains unresolved, you may submit a letter stating how or why you feel your grievance is unresolved and a copy of the appealed grievance to the Illinois Department of Corrections, Jail and Detention Standards Unit 1301 Concordia Court Po Box 19277 Springfield, IL 62794. This process is not required to exhaust your CCDOC administrative remedies; exhaustion of remedies has occurred once you have appealed your grievance document in a timely manner within the CCDOC grievance procedures. The Illinois Department of Corrections, Jail and Detention Standards Unit cannot offer assistance with pursuing litigious action or seeking compensatory damages against the CCDOC.

8. To file/submit a grievance after your CCDOC incarceration, you are required to utilize the following mailing address and your envelope must be post-marked within 15 calendar days of the occurrence of the incident, problem or event that you are grieving. CCDOC Inmate Services Department 2700 S. California Ave. Chicago, IL 60608

9. You will not be retaliated against for filing a grievance or appealing a grievance response.

Appropriate Use of the Grievance System
Be considerate to other inmates, CRWs and other staff and do not file false, frivolous or unnecessarily repetitive grievances. The more time staff, CRWs and others spend processing and responding to false, frivolous and/or unnecessarily duplicative grievances, the less time they have to address the legitimate concerns that you or other inmates may have.

Do not make threats or use vulgar language in your grievances or else your grievance may not be processed and you may receive a disciplinary report. You may also receive a disciplinary report if you purposely file false grievances.

Inmates who abuse the grievance system may have their access to it appropriately limited.

You must contact the agency that initially arrested you to claim your non-compliant property items. If you were detained by Cook County Sheriff’s Office staff, your non-compliant property will remain at the court facility where you were initially brought to for up to 45 days. Items from your cell cannot be placed in your Personal Compliant Property that was catalogued upon intake. Should you wish to release Personal Cell Property to a designated person you should speak with a correctional or Inmate Services supervisor or CRW. Correctional staff will be responsible for thoroughly searching your personal cell property prior to releasing it to your designated person. Any items deemed as contraband and/or items which you are not allowed to have in your possession while in CCDOC custody, will not be released and may result in you receiving a disciplinary infraction.
